Welcome!

Whether you learned to play tennis years ago or you're just starting out, tennis adds "years to your life and life to your years."

Our club is open to all residents of Trilog at Power Ranch community, and we are excited to have you join.

As a club member you'll be part of a vibrant group, enjoying regular social events, playing in tournaments with other communities during fall/spring seasons, participating in fundraisers, dances, and more. There's something for everyone.

We host both men and women's USTA sponsored leagues, and our women 65 and over placed 2nd in Nationals in Spring 2023.

Don't miss out! Come join in the fun of this great sport.

Best wishes,

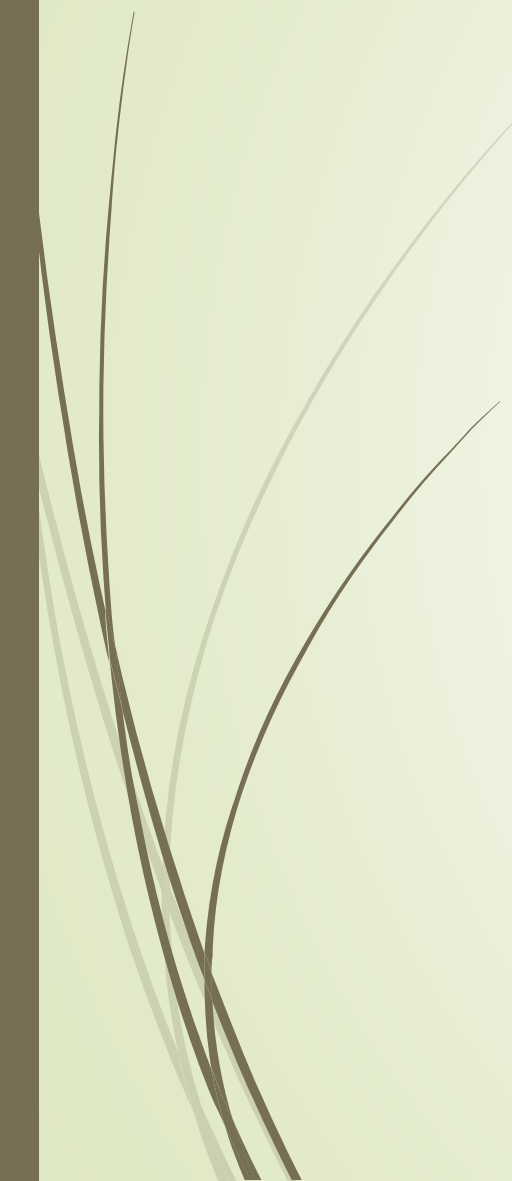

Don Blair  
Tennis club president

# Blog

## What is a blog?

A blog is a type of website that provides information or opinions on a certain topic, usually written in an informal or conversational style. A blog consists of a series of posts, which are updated regularly and displayed in reverse chronological order. [The word blog is a shortened form of weblog!](#)

## What is the purpose of a blog?

A blog's main purpose is usually to **provide information for readers on a certain topic**. The definition of a blogger is simply someone that owns or writes for a blog. The much more interesting truth is that blogging is a fun and mentally-charging form of creative expression.

## What is a blog post?

A blog post is an **individual web page on your website that dives into a particular sub-topic of your blog**. For instance, let's say you start a fashion blog on your retail website. One blog post might be titled, "The Best Fall Shoes for 2019".

## WHY?

This will replace communications for the tennis club to be housed in one location and can be found easily with the search ICON. NO more searching for emails that ended in SPAM folder, don't have to worry either you have phones are compatible. More informative and did I say EASY access for all club member.

Notification will be sent to your phones instantly to let you know a new post has arrived.
